Project Safe Neighborhoods / Characteristics of an Armed Gunman

Date: September 14, 2010

**Location: Green Bay Police Department
307 S. Adams Street
Green Bay, Wisconsin 54301**

**Parking available in the lot across from
the Police Department - use south side of lot**

AGENDA

8:30 - 12:00

Characteristics of an Armed Gunman

The difference between a charge of “carrying a concealed weapon” and “homicide” is about two seconds, which is about the time it takes for a criminal to pull a gun and shoot someone with an illegally carried weapon. This program designed for law enforcement officers, provides the skills and abilities needed to recover crime guns from the street prior to their use in additional crimes of violence. This session includes detailed instructions on identifying common characteristics of persons who carry concealed firearms, legal issues concerning stop and frisk, and articulating probable cause for searches. Officers will be able to recover more crime guns and increase their personal safety on the street.

12:00 - 1:00

Lunch (on your own)

1:00 - 2:30

Characteristics of an Armed Gunman - continued

2:45 - 3:45

Legal Issues and Case Preparation for Successful Prosecutions

Federal and state firearms laws, Case Preparation, Importance of Report Writing, Charging a case in U.S. Attorney’s Office or District Attorney’s Office.
